

Men's FIH Pro League

The World League had four rounds of competition held over two years. Teams ranked 1 - 8 in the world ranking receive a bye to the semifinals and teams ranked 9 - 16 receive a bye to round two. The World League also serves as qualifier for the World Cup and the Olympic Games.

The FIH Pro League replaced the World League from 2019 onwards.

Nine teams competed with home and away matches. In 2019, the top four teams played in the Grand finale.
