

# Rugby League World Club Challenges

The World Club Challenge is a match played between the champions of the Australasian NRL (National Rugby League) and the European Super League annually since 2000.

## Predecessors:

Until 1994, the matches were played between the current champions of NSWRL (New South Wales Rugby League) Premiership and RFL (Rugby Football League) Premiership. Only in 1997, the competition inflated to all 22 clubs of the Australasian Super League and the European Super League.

St. Helens RFC ENG - Melbourne Storm AUS

not played

On Nov 19, 2020, the Super League confirmed the World Club Challenge was never going to take its allotted place in February 2021, with travel difficulties due to the ongoing COVID-19 pandemic. It was postponed into fall first but finally cancelled.

**World Club Challenge 2022 in Penrith AUS**

Penrith Panthers AUS - St. Helens RFC ENG

not played

In November 2021 Penrith Panthers CEO Brian Fletcher said Penrith would only play if the game was played at BlueBet Stadium the Panthers home ground at the time because they didn't want to send their team to play against St Helens in England. St Helens coach Kristian Woolfe agreed on the condition that Penrith pay for the fares of the St Helens team. Penrith refused and the match was cancelled for this reason.
